Since Dr. Esteban Garza and Dr. Amanda Garza acquired Champions Dental and made it their own private practice, they've converted countless people who were once anxious about going to the dentist into patients who look forward to their dental visits. Patients praise the dentists and their team for the high quality of care and attention provided, as well as their honesty and compassion.

Catia shares, "I'm usually so nervous at the dentist, but Dr. Garza and the staff did such an amazing job. They walked me through the procedure, I felt no pain, and was beyond satisfied with the level of care I received. I can't recommend Dr. Garza enough!"

Mark, who claimed to hate the dentist, says that thanks to Dr. Garza, for the first time in his life, he is not nervous about going to the dentist.

Imagine looking forward to seeing the dentist! Now it's your turn, too. Just schedule an appointment at Champions Dental.

A FIRST-CLASS DENTAL EXPERIENCE

In the age of high-volume dental clinics that seem to over promise and under deliver, a family dentist that truly offers a pleasant, welcoming experience time and again is becoming a rare find. The Garzas deliver this and much more. Their genuine desire to help patients feel comfortable while offering top-quality dentist-

ry shines through in everything they do, as does their sincerity and warmth toward their patients and staff.

"We're here to stay. Our goal is to grow old with our patients, and to see generations of family members," says Dr. Esteban Garza, who was raised in Cypress, graduated from Cypress High School before becoming a dentist.

Dr. Amanda Garza adds, "We love listening to our patients and learning about them. We educate patients on the recommendations we make about their dental care, as well as how to maintain good oral health."

TECHNOLOGY AND ADVANCED POST-GRADUATE EDUCATION

Of course, it takes more than big hearts, warm personalities, and beautiful office décor to create a remarkable dental experience. Champions Dental is high tech, equipped with

MORE ABOUT DR. ESTEBAN GARZA AND DR. AMANDA GARZA

The Garzas, a husband and wife team, met in dental school at Baylor College of Dentistry in Dallas. The proud parents of two beautiful young daughters, Abigail and Carina, they enjoy serving the community where they live through general dentistry.

Esteban Garza, DDS, was raised in Cypress. He earned an undergraduate degree in biology at Texas A&M, and has traveled around the globe for dental missions. In his leisure time he enjoys playing tennis, reading and listening to podcasts. Hailing from a family of dentists, Dr. Garza hopes to soon welcome his brother to the practice, who is close to completing a residency in oral surgery.

Amanda Garza, DDS, was born and raised in San Antonio, and completed her undergraduate degree at the University of Texas at San Antonio. She has traveled to Guatemala and Mexico for dental missions, enjoys spending time with mothers in her community, and serving in her local church.

state-of-the-art technology such as a 3D Cone Beam CT, which is used to place dental implants and for root canals.

Both dentists completed dental residencies after earning a DDS. This and a passion for continuing education enables them to provide comprehensive services to their patients, such as dental implant placement and restorations, complex smile makeovers, and dentistry for children using a kid-friendly “tell, show, do” approach.

Dr. Amanda Garza completed her residency in general dentistry at Baylor College of Dentistry. Dr. Esteban Garza completed his at the VA Hospital in Oklahoma City. In addition, he has completed continuing education in cosmetic dentistry, pediatrics, endodontics, restorative, oral surgery, orthodontics, implant dentistry, and sedation dentistry. He is a Fellow in the Academy of General Dentistry (FAGD), which requires the completion of more than 500 hours of post-graduate continuing education and passing a rigorous exam. Only around 10 percent of dentists achieve this prestigious status.
